

4 Reasons to Park Your RV and Ride YARTS into Yosemite

- Spend less time driving and more time enjoying the sights of Yosemite
- Save time with bus-only access lanes and the free Yosemite Shuttle
- Avoid congestion and searching for parking in Yosemite
- *The Best Yosemite Experience Starts on YARTS**

Yosemite and YARTS

As part of its plan to reduce summer traffic and congestion within the park, Yosemite National Park is encouraging RV travelers to park their RVs in the beautiful gateway communities that surround Yosemite and ride YARTS (Yosemite Area Regional Transportation System) into the Park.

YARTS provides regularly scheduled public transit service directly into Yosemite from locations along Hwy 120 East, Hwy 120 West and Hwy 140 – three of the major routes into the Park. You can catch YARTS at designated Park and Ride lots as well as from many campgrounds and RV parks.

*A Better Yosemite Experience

In the busy summer months when Park visitation is at its peak, riding YARTS can make your visit to Yosemite a lot easier and more fun.

- You'll get to relax and enjoy the beautiful views on the drive to Yosemite.
- You will get around the Park faster, because YARTS uses a "bus-only" access lane when traffic is heavy.
- You'll save money because your YARTS fare includes gate fees and one free kid with each adult.
- Once you're in the Park, you'll be ready to explore. No searching for parking or trying to maneuver in tight traffic. YARTS connects directly with the free Yosemite Valley Shuttle at all of its stops. Shuttles run every 6-10 minutes throughout the day.

Savings for Families and Seniors

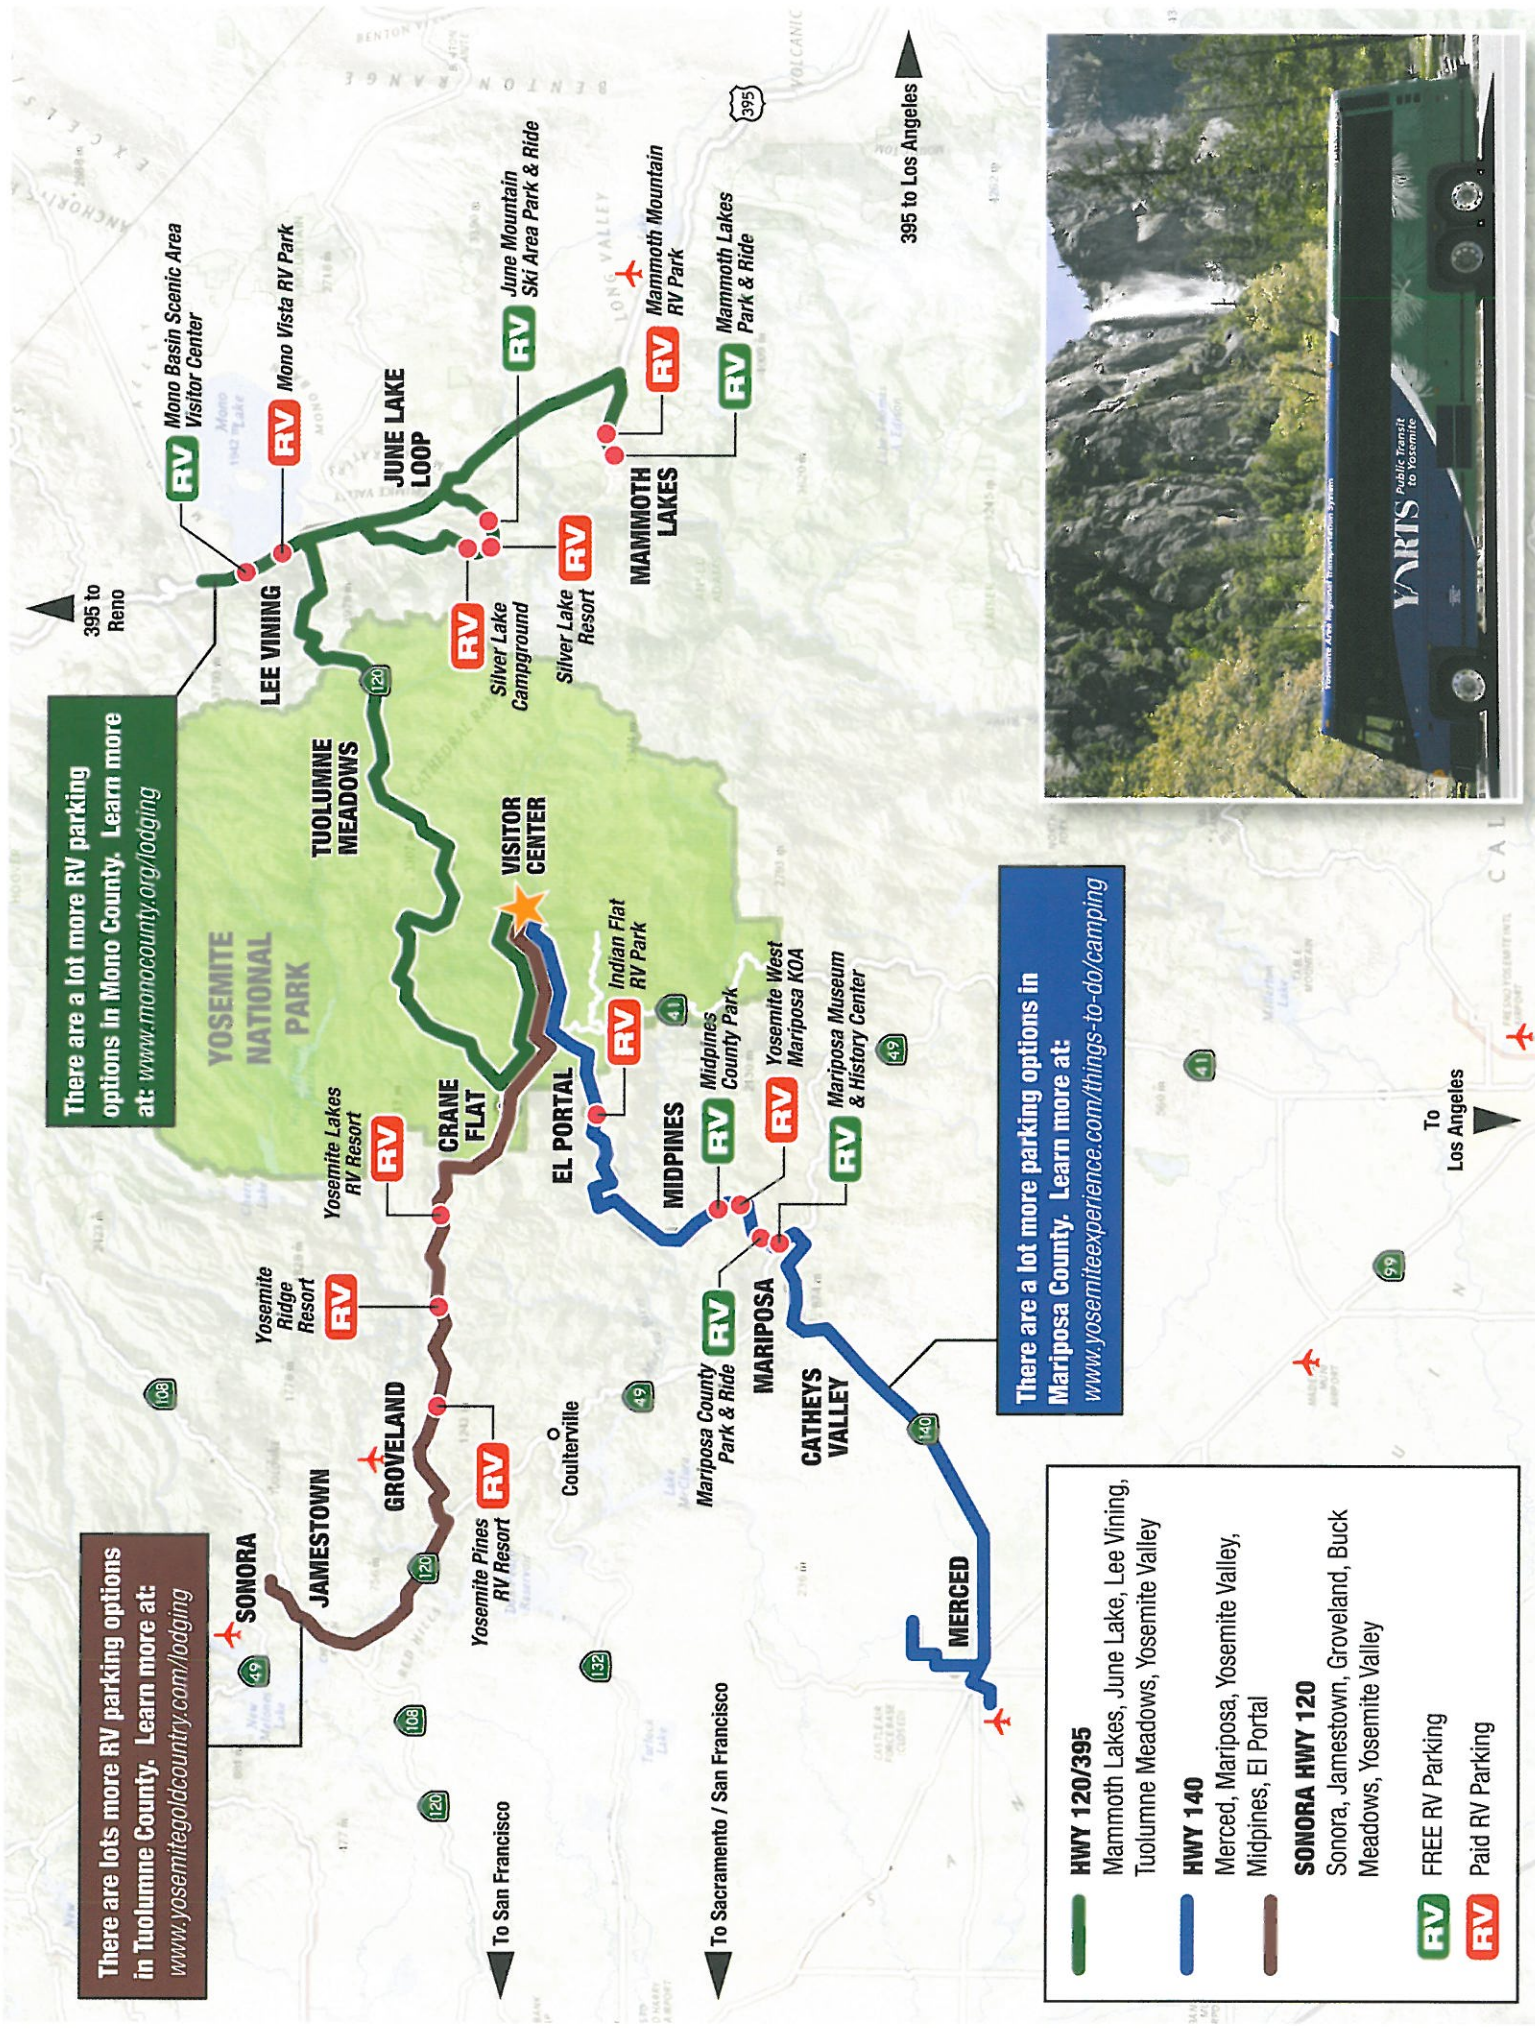

YARTS fares are family friendly. One youth (12 or younger) rides free with each paying adult. Additional kids, ride at a discounted price. Seniors and persons with disabilities also receive a discount.

YARTS low fares are distance based and start at just \$6.00. To check the fare from a specific location visit www.yarts.com or call us. Buy your ticket from the driver using Visa, MasterCard or Discover cards or US cash.
